1. Introduction

Job Search Portal is a web application, which serves jobseekers to find available job vacancies and Employers to identify eligible job seekers with the prospect of selecting the most qualified candidates. The only way to select best-qualified candidate is to have a pool of eligible applicants, which is possible by drawing the interest of individuals in the market. Job search portals best servethis purpose. E-recruitment has become the standard means for employers and job seekers to meettheir respective objectives. The traditional methods for recruitment includes Job fairs, University career employment services, Employee referrals, advertising in the newspapers, televisions etc. With the advancement in technology and growth of internet usage, the e-recruitment has revolutionized the way organizations hire and candidates search for jobs. With the Online Job search portals, the recruitment process is speeded up at every stage from job postings, to receiving applications from candidates, interviewing process. The cost of searching/posting jobs will be much less compared to the traditional way of advertising. Job search portal stands as an effective means for Employers to outline the job vacancies, responsibilities and qualifications to attract jobseekers. Using the portal jobseekers can extensively search for jobs in companies, organizationsand regions they may otherwise have not learnt. In addition, candidates/Employers can write a review about an organization, which might help them to change the way things are done.

2. Objectives

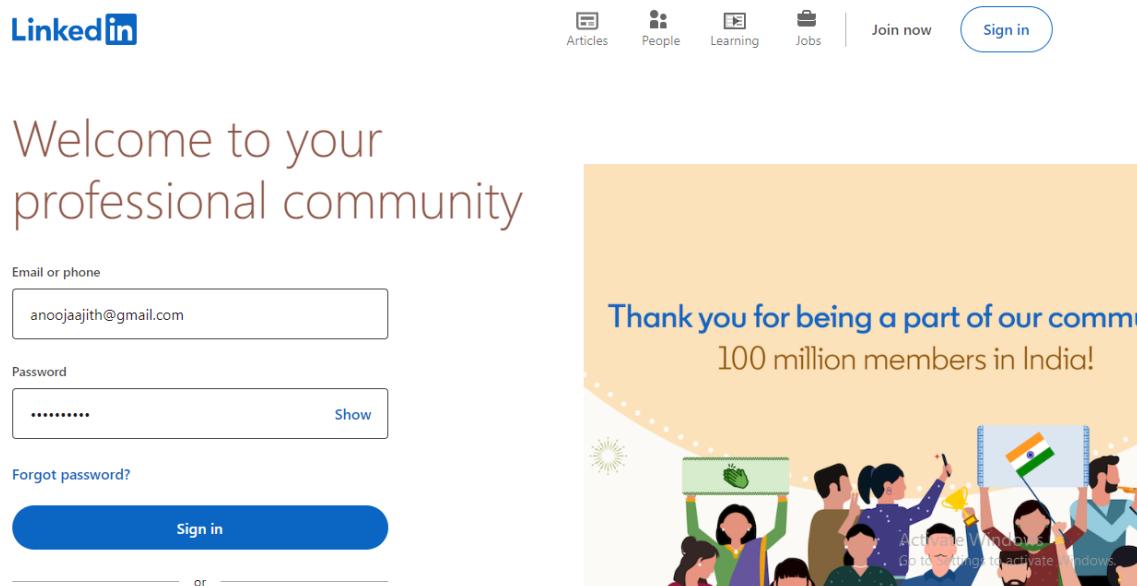

This job portal mainly focus in IT sectors. This portal is mainly handled by the administrator and accessible by companies and job seekers. Here the administrator can activate or deactivate job seeker and companies profile,view all job seekers and companies application,provide online courses for candidates,view feedbacks,view reported profile and examine the reason given,if the reason is valid he can remove the reported profile,view numbers of companies and candidate present in the job portal,view number of people viewed profile,view number of requests for joining and also delete the companies or job seekers profile. Companies and job seekers should register in job portal,only after accepting their profile by administrator they are able to login to their profiles. Here companies can edit or add companies profile,post new jobs and handle existing jobs,see and download job seeker resume, schedule interview with the candidates and also rent space for freelancers. Job seekers can search for jobs ,add or edit their information ,create cover letter or resume through this portal,can upload resume,photo and also certificates,attend online interview schedule by company,join for the courses provided in portal if needed,refer the interview questions provided also can submit feedback about companies or report any profile or company with valid reason.

3. Current System Study

Portal

job portal is a online platform for both professionals who seek jobs,share their work experience, and companies who needs job seekers.A professional profile is an online website contain a professsional profile which is user's online resume, which includes their work experience, education, skill.A network of connections is a place where users can connect with other professionals on LinkedIn, which allows them to stay in touch with former colleagues, find new job opportunities, and learn about new trends in their field.A job board is provided for users for searching jobs, post their resumes, and connect with recruiters.A learning platform is also offered by the platform where number of online courses and training programs that can help professionals upskill and stay ahead of the curve..

LinkedIn HomePage

The screenshot shows the LinkedIn homepage with a light gray background. At the top, there's a navigation bar with a magnifying glass icon, the LinkedIn logo, and the text "Discover people, jobs, and companies". Below the navigation, there are two main sections:

- Explore collaborative articles**: This section features a banner with the text "We're unlocking community knowledge in a new way. Experts add insights directly into each article, started with the help of AI." Below the banner are several circular buttons for categories like Marketing, Agriculture, Public Administration, Healthcare, Engineering, IT Services, Sustainability, Business Administration, Telecommunications, and a "Show all" button.
- Find the right job or internship for you**: This section includes a "SUGGESTED SEARCHES" heading and a grid of circular buttons for roles like Engineering, Business Development, Finance, Administrative Assistant, Retail Associate, Customer Service, Operations, Information Technology, Marketing, and Human Resources. There's also a "Show more" button.

At the bottom of the page, there's a light gray sidebar with the text "Post your job for millions of people to see" and a "Post a job" button. To the right of the sidebar, there's a message about activating Windows: "Activate Windows Go to Settings to activate Windows."

Naukri Homepage

The screenshot shows the Naukri.com homepage. At the top, there's a navigation bar with links for 'Jobs', 'Companies', 'Services', 'Login', 'Register', and 'For employers'. Below the navigation is a large banner with the text 'Find your dream job now' and '5 lakh+ jobs for you to explore'. A search bar is present with placeholder text 'Enter skills / designations / companies', 'Select experience', and 'Enter location', followed by a blue 'Search' button. Below the search bar are several category filters: 'Remote', 'MNC', 'Supply Ch...', 'Internship', 'Startup', 'Project M...', 'Fresher', 'Fortune 500', 'Marketing', 'Software &...', and 'Banking & ...'. In the center, there's a section titled 'Top companies hiring now' with icons for various industries like MNCs, Product, Banking & Finance, Work-Life Balance, and Hospitality. To the right, a message says 'Activate Windows Go to Settings to activate Windows.'

This screenshot of the Naukri.com homepage displays a similar layout to the first one. It features a search bar at the top with 'Jobs', 'Companies', 'Services', 'Login', 'Register', and 'For employers' links. Below the search bar are category filters: 'Remote', 'MNC', 'HR', 'Supply Ch...', 'Engineering', 'Software &...', 'Marketing', 'Startup', 'Fortune 500', 'Analytics', and 'Data Scien...'. A section titled 'Top companies hiring now' lists companies like Genpact, VXI Global Solutions LLC, Reliance Retail, virtusa, and Pan. Another section titled 'Featured companies actively hiring' shows Reliance, Virtusa, and Pan again. A large graphic at the bottom left features a cartoon character and links for 'Full Stack Developer' (112k+ jobs) and 'Mobile / App Devel...' (2.6k+ jobs). A message on the right side encourages activating Windows.

4. Gap between Existing and Proposed System

4.1 Delete unwanted profiles

4.1.1 company profile

Job portal is a platform where companies can post their vacant jobs for job seeker. Hence every companies can post their job vacancies which are not controlled by any one else. The main issues raised due to this, is that there would fake company profiles which would effect job seeker in the way that are :

- Wasted time and effort.: Job seekers who apply for fake jobs can waste a lot of time and effort filling out applications, submitting resumes, and interviewing.
- Financial loss :Some fake job postings require job seekers to pay a fee to apply or interview. This can be a financial loss for job seekers who are not aware that the job posting is fake.
- Identity theft. Some fake job postings ask job seekers to provide personal information, such as their Social Security number or bank account number. This information can be used by scammers to commit identity theft
- Disappointment and frustration. Job seekers who find out that a job posting is fake can experience disappointment and frustration. This can make it difficult to stay motivated in the job search process.

4.1.2 Candidatea /job seekers profile

There may fake profiles also which can create issues to other candidates or companies. The major issues due to this profiles are

- Damage to reputation. Companies that post fake job postings can damage their reputations. This can make it difficult to attract and retain top talent.
- Increased costs. Companies that post fake job postings may have to pay for advertising and recruiting services that they would not have to pay if the job posting was legitimate.
- Legal liability. Companies that post fake job postings may be liable for any damages that job seekers suffer as a result.

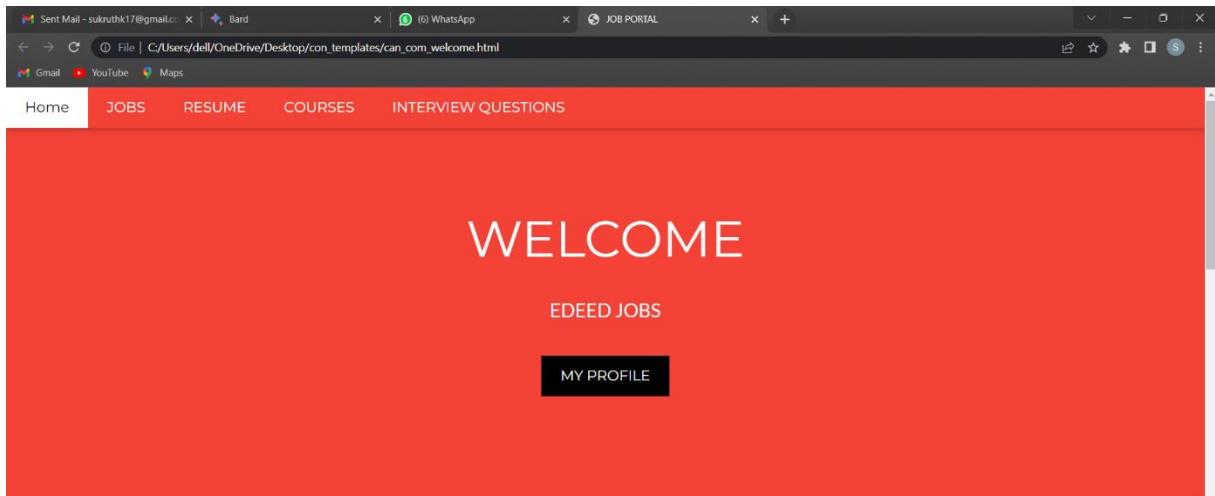

4.2 Rent space for freelancers

- Companies can offer a space for freelancers through the website.
- Freelancers can conduct any seminar or group discussion by utilizing this space.
- This space is benefit for both company and freelancers

4.3 interview questions

- basic interview question provided
- candidate can practice interview session through the website

5.Advantages and Disadvantages

5.1 Advantage

The advantages of job portal possesses over other websites are:

- Job seekers can access IT sector jobs.

This job portal only focus in IT sectors. Hence the job seekers who are searching for IT jobs can get suitable job from this website.

- Profiles will be valid

In other job portals many fake profiles are exist ,so job seekers should enquire about the companies before applying for the job. But here the companies in our profile will be valid because any negative feedbacks were reported the profile will be removed.

- Rent space

The freelancers are able to rent space from the companies for conducting seminars, group discussions etc.. .

- Add-on courses can be accessed by job seekers.

Here job seekers can find add-on courses , which they can attend through this website.

- Job seekers can prepare resume.

Some resume templates are available in our portal which can be accessible by job seekers for creating resume.

5.2 Disadvantages

The disadvantages job portal possesses over other websites are:

- Time lag in accept/rejection.

Since so many company accounts send their request for login it takes time for checking and verification.

- It attracts unemployed/unskilled candidates

Some candidates will apply to the jobs that is not suitable for the company's posted job vacancy

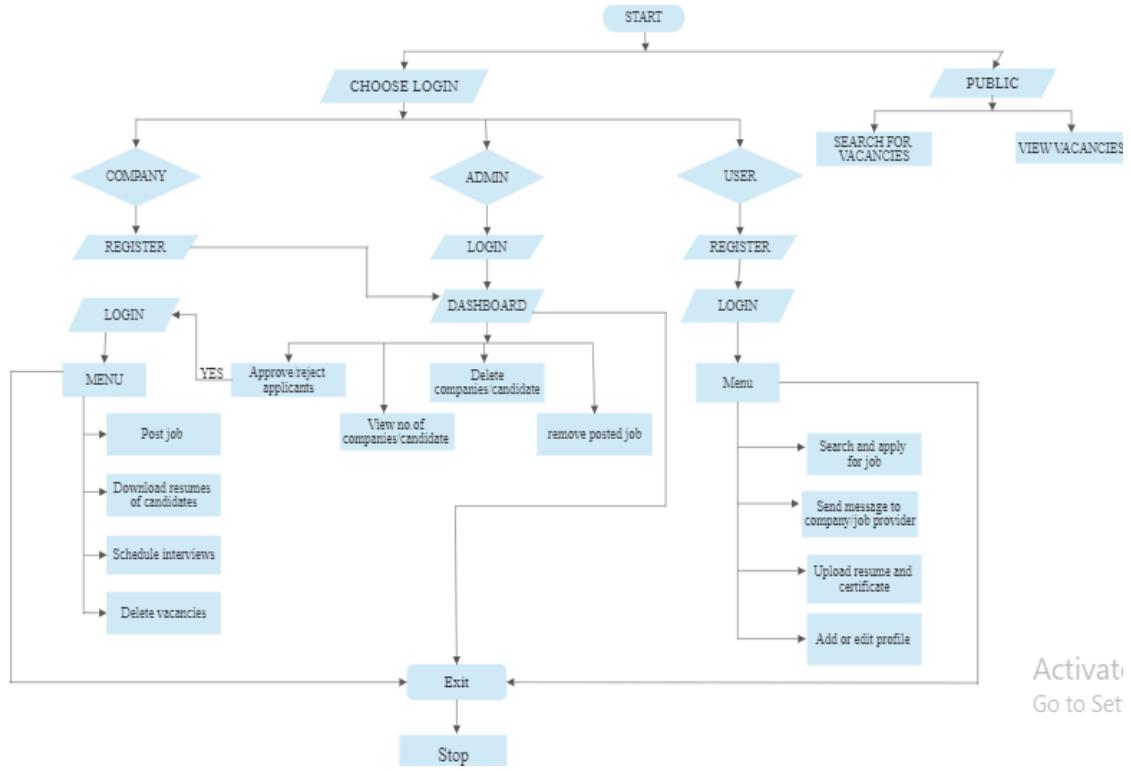

- It can occur technical issues sometimes.

Due to network issues or systems issues they may face issues in accessing this portal.

- Unable to find jobs.

There may be some jobs which are not posted by any companies and needed by the candidates.

Admin Dashboard

The screenshot shows the Admin Dashboard of a Job Portal. On the left, a sidebar menu includes DASHBOARD, COMPANIES, REPORTS, JOBS, CANDIDATES, Settings, and Logout. The main area displays four purple cards with statistics: 600 JOB SEARCHES, 52 COMPANIES, 320 JOBS, and 700 CANDIDATES. Below these is a table titled 'REGISTERED CANDIDATES' with the following data:

NAME	EMAIL	PHONE NUMBER	STATUS
SHINTON O	shintoneelankavil@gmail.com	9865426754	Active
PRANAV P S	Pranavps33@gmail.com	9087612460	Active

Portal HomePage

The screenshot shows the Portal HomePage of the Job Portal. At the top, there is a navigation bar with links for Home, JOBS, RESUME, COURSES, and INTERVIEW QUESTIONS. The main content area has a large orange background with the word 'WELCOME' in white. Below it is a section titled 'EDEED JOBS' with a 'MY PROFILE' button. Further down, there is a section titled 'JOBS FOR YOU' with a red circular icon. A footer message at the bottom says 'Welcome to the Job Portal! We are excited to have you join our growing community'. The status bar at the bottom right shows the time as 12:07:2023.

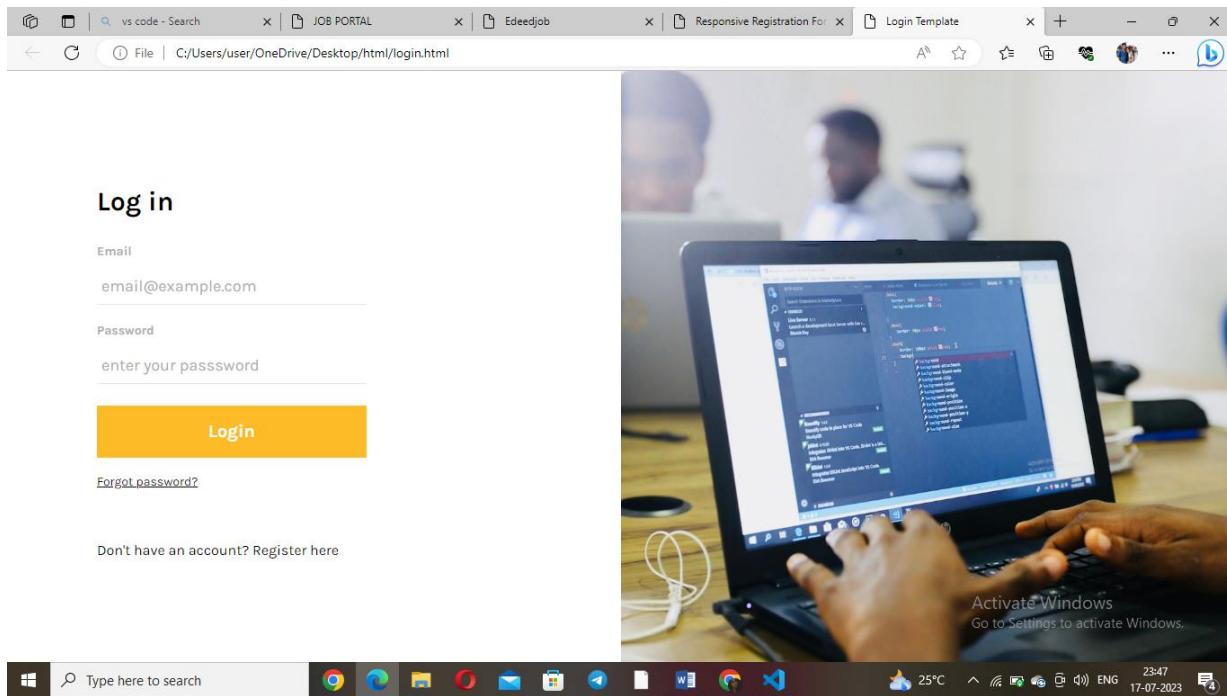

The screenshot shows a web browser window with multiple tabs open. The active tab displays a job portal website titled "JOB PORTAL". The header includes navigation links for "Home", "JOBS", "RESUME", "COURSES", and "INTERVIEW QUESTIONS". A large red logo featuring a stylized letter "P" is centered above the content. The main section is titled "JOBS" and contains a welcome message: "Welcome to the Job Portal! We are excited to have you join our growing community of job seekers. We know that finding a new job can be a daunting task, but we are here to help you every step of the way. On our website, you will find a wide variety of jobs to choose from, all in one place. We have jobs in a variety of industries, from tech to healthcare to finance. We also have jobs for all levels of experience, from entry-level to executive." Below this, there is another paragraph of text about resources and support. The footer of the page includes social media icons for Facebook, Instagram, LinkedIn, and Twitter, along with a "Powered by w3.css" credit. The browser's status bar at the bottom shows system icons and the date/time: "20:43 12-07-2023".

This screenshot shows the same job portal website as the first one, but with a dark gray rectangular overlay covering the lower half of the page. Inside this overlay, the text "Quote of the day: live life" is displayed in white. The rest of the page structure, including the header, logo, and footer, remains identical to the first screenshot.

11.Future Scope

The future scope of this project are many:

- Compared to other job portals ,this portal can restrict the access of fake job fairs.
- Admin can check and approve/reject the job applications posted by the company/organizations.
- Freelancers can rent spaces for their industrial needs and post jobs

12. conclusion

Job Search Portals stands as a revolutionizing element in the sphere of recruitment. They act as a communication bridge between applicants and recruiters facilitating their requirements. This application helps organizations to have a greater exposure to the candidate pool and also job seekers facilitating wide search of jobs matching their interests. The android application provides flexibility to the jobseekers to view the openings and applied jobs without the need to carry a laptop. This application provides an enhanced user experience for both employer and jobseeker. It provides user friendly interface which facilitates in reaching wide range of audience.

Using this job portal (web application), both the job seeker and therecruiter can log in using their authenticated details. This portal helps the job seeker by providing the past 15 day's updates of jobs, provides informative videos and it will also provide the user's application status. This portal will be beneficial not only for the job seeker but also for the recruiter who wants to recruit eligible candidates using this portal.
